

34th AGM of MRSI and 5th Indian Materials Conclave 12 -15 December, 2023

organized by the

**School of Materials Science and Technology
Indian Institute of Technology (BHU) Varanasi**

The 34th Annual General Meeting of MRSI and 5th Indian Materials Conclave from December 12 - 15, 2023, is being organized at IIT BHU, Varanasi in collaboration with Materials Research Society of India (MRSI). This is a series that is being conducted along with Materials conclave. This meeting is intended to provide a valuable forum for interaction between researchers working in the area of materials to present technical findings of their research, to network within the country among the material scientists and to increase the breadth of their general materials based boundaries. We welcome all academicians, scientists & technologists working in materials science in India or outside India to this exciting conference.

Patron
Prof. P. K. Jain, Director
IIT (BHU), Varanasi

Convenor
Dr. Chandana Rath,
SMST, IIT (BHU)

Treasurer
Dr. Shrawan Mishra,
SMST, IIT (BHU)

Themes:

- Electronic materials for sensors
- Neuromorphic devices
- Electrical, Photonic materials and devices
- Soft and biomaterials
- Glass, glass ceramics and its applications
- Structured materials and alloys
- Ion matter interactions and its applications
- Quantum materials and applications
- Magnetic, spintronics, and superconducting materials
- Computational materials science and its applications

Technical Sessions:

- Key Notes
- Plenary Talk
- Invited Talks
- Oral Presentations
- Posters
- Industry Presentations

Important Dates :

- | | |
|--------------------------|----------------------------|
| Early Bird registration | 10 May 2023 -31 July 2023 |
| Abstract Submission | 03 April 2023 -03 May 2023 |
| Intimation of Acceptance | 10 May 2023 |
